

My Bronze Arts Award visit to Anne E Dunlop's Summer

Art Exhibition - By Freya Gill

On Friday the 29th of July 2016 I went to an art exhibition near Elie. All the paintings were done by a local artist named Anne E Dunlop.

It was very exciting because I actually got to meet the artist! Anne told me she used to always paint landscapes but recently she had tried painting flowers. This encouraged me to try painting new things.

My favourite paintings were the ones of playing cricket on the beach because I thought they really captured the atmosphere of the game. I also liked her paintings of flowers because I enjoy painting little tiny details like petals.

One thing I found interesting was that most of her paintings were done in oil paints but some were in watercolour – I enjoy using watercolours but maybe I'll try oil paints next.

So if you see an art exhibition near you why not go and have a look? You might really enjoy it.

Please let me know your thoughts.

Thank you - Freya
