

Nicola Fox

Artist | Educator

I have worked as a freelance educator and photographer for the past 12 years, working closely with Bradford Museums and Galleries, Leeds City Museum and other community organisations such as Bradford YMCA. I have worked with students aged 3–18 from diverse cultural and social backgrounds and with varying educational needs.

My expertise is in delivering Arts Awards which I have done for a number of years at Explore, Bronze and Silver levels.

I initially trained as a photographer and worked in this field for 7 years before moving into education. I teach photography workshops to adults and have a particular interest in traditional photography methods including pinhole photography. I love the creative process involved in making images in the darkroom and the different experimental techniques that can be applied.
