

Lesson 3: A Meadow Garden – Collage, Painting, Print

Artist in focus: Angie Lewin

This week we will be looking back at Angie Lewin drawings, paintings and collages and identifying how our own artwork can benefit from the particular technique. We will be adding more colour and ink to our initial responses to Angie Lewin's style gardens. Then we will look more closely in to a collage and 3D-relief pictures and work in adding the layers of colour and texture with the finest attention to detail.
